

Trending Newsletters in June

Creative Bioarray is an innovative biotechnology company whose mission focuses on developing unique technologies that provide global scientists with high-quality products and satisfactory services to facilitate the investigation of life science researches.

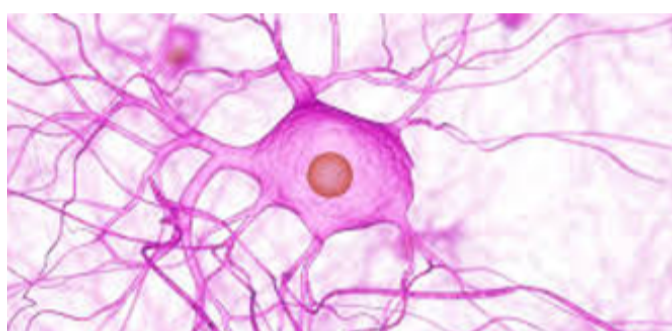

Join our free trending newsletter to get the latest information about site updates, news, and special events.

Theme for June

PRIMARY CELLS from Human & Animal

- ✓ Pancreatic Cells
- ✓ Oral Cells
- ✓ Pulmonary Cells
- ✓ Nervous Cells
- ✓ Cardiac Cells

Featured Products

Primary Cells

Creative bioarray can not only provide a wide range of human primitive cells, but we also offer a series of animal primary cells for comparative experiments...

Information of Upcoming Events

Name	Application	Date	Country	Event type
World Congress on Advanced Pharmacy and Clinical Research	Pharmacy and Clinical Research	2018/7/16-2018/7/17	Australia	Conference
Skeletal Muscle Satellite Cells and Regeneration	Skeletal Muscle Satellite Cells and Regeneration	2018/7/8-2018/7/13	United States	Conference
Sixth JCA-AACR Special Joint Conference on the Latest Advances in Lung Cancer Research: From Basic Science to Therapeutics	Latest Advances in Lung Cancer	2018/7/10-2018/7/12	Japan	Conference
International Cell Senescence Association	Cell Senescence	2018/7/8-2018/7/11	Canada	Conference

Video

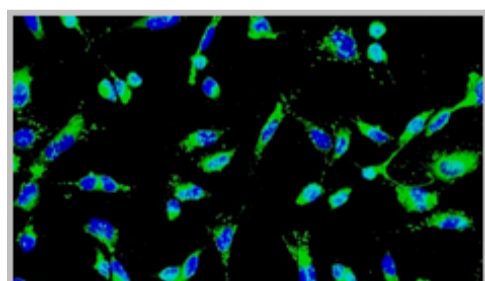

Primary Cell Culture

Primary cells isolated directly from human or animal tissue using enzymatic or mechanical methods. Once isolated, they are placed in an artificial environment supported with specialized medium containing essential nutrients and growth factors...
